

Our board-certified dermatologists and licensed estheticians are available to discuss your specific skin care needs. We strive to remain at the forefront of technological advances in skin care and cosmetic procedures.

COSMETIC SERVICES

With a full menu of skin treatments and products, you will leave looking and feeling younger. Our cosmetic services include:

Botox® is a non-surgical treatment used to temporarily smooth frown lines, crow's feet, and forehead wrinkles. One treatment relaxes the facial muscle contractions that cause wrinkles to develop over time. You will see results within a few days.

Juvéderm® Voluma® XC, Juvéderm® XC, Juvéderm® Ultra XC and Juvéderm® Volbella® by Allergan are a collection of gel fillers that correct wrinkles, laugh lines, lips, recessed scars, and restore volume to the face.

Kybella® is a non-surgical treatment to reduce "double chins." Injections dissolve and kill fat cells and provide permanent results.

Belotero Balance® is an injectable gel that helps smooth etched-in facial lines and wrinkles around your mouth. One quick treatment provides immediate results with little to no downtime. Skin remains mobile and flexible, with a natural look, feel, and movement.

Radiesse® is a filler that restores and/or corrects the signs of aging, including sunken cheeks and indentations. Once injected, Radiesse® adds fullness to your face giving you a visible result immediately.

Latisse® is a new innovation to grow eyelashes, making them longer, thicker, and darker.

ESTHETIC SERVICES

FACIALS

HydraFacial™ is a non-surgical and virtually painless procedure that restores a youthful glow to your skin. It simultaneously cleans, exfoliates, extracts and hydrates your skin. The 4-in-1 treatment reduces fine lines and wrinkles, improves skin tone and texture, and diminishes brown spots. Standard and premium options are available.

Express Facials offer a great way to refresh your skin when time is short. The 30-minute treatments involve a variety of services that may include steam, exfoliation, extractions and masks.

Customized Facial Treatments offer a wonderful way to refresh, relax and revive. Facials are designed for individual skin concerns and may include steam, exfoliation, extractions and masks. Most custom facials also include a complimentary facial, scalp and décolleté massage. Great for treating your back also!

CHEMICAL PEELS

Chemical Peels improve the skin tone and texture of your face, hands and chest by exfoliating and polishing the top layers of skin. Different peels are used for various skin types and concerns. Let our estheticians assist you in choosing the best peel for you.

☀️ **Level One (very superficial):** Our gentlest option, these peels are often used to treat mild skin imperfections including rosacea, uneven skin tone, minor hyperpigmentation, fine lines and wrinkles or dehydrated skin. Sometimes referred to as our "lunch hour" peels, these treatments require no downtime, so they are perfect for your next event.

☀️ **Level Two (superficial):** For more moderate skin conditions, we offer a slightly stronger peel that is used to treat noticeable fine lines, wrinkles, sun damage and uneven skin tone. Minimal, if any, downtime is needed.

☀️ **Level Three (medium):** These peels target the deeper layers of the epidermis for individuals with minor acne scarring, fine lines, coarse wrinkles, melasma or hyperpigmentation. Minimal downtime is needed.

Add on an Eye & Lip or Hand Peel at a discount!

Eye & Lip Peel: This level three peel works to increase the skin's firmness while reducing the appearance of fine lines and wrinkles, dark circles and hyperpigmentation.

Hand Peel: Considered a level three peel, hands will immediately appear lighter. Small scars, coarse wrinkles and hyperpigmentation will be noticeably reduced.

SPECIALIZED TREATMENTS

SkinCeuticals Dermaplaning Facial evens out your skin tone, removes fine vellus hairs, reduces pore size, and diminishes the appearance of dry, fine lines. The 3-step process includes exfoliation, a micropeel to soften skin and cryogenic therapy to cool the skin, which reduces inflammation and downtime. Regular facials even help reduce the appearance of wrinkles.

Micro-Needling is an innovative procedure that uses the Eclipse MicroPen® to reduce fine lines, wrinkles and acne scars, as well as improve your color, tone and texture. The procedure can be used to reduce the appearance of hyper-pigmentation, traumatic scars and stretch marks. You can treat your face, neck, décolleté, arms, legs, abdomen and back.

LASER SERVICES

Excel V uses a laser to treat vascular skin conditions, ideal for those with sun-damaged skin, broken blood vessels, rosacea, background redness, brown spots, or leg veins.

Laser Genesis is a gentle heat treatment that stimulates collagen growth to reduce the appearance of wrinkles, fade scars and reduce redness without any downtime.

Laser Hair Reduction allows you to rid yourself of unwanted hair with ProWave™ hair removal. This system delivers a specially tailored light source for permanent hair reduction for a wide range of skin types. Multiple treatments are necessary during your hair growth cycles in order to achieve desired results.

Limelight Facial IPL is a non-invasive approach to improving skin tone and surface imperfections that are associated with aging and sun damage. The Limelight Facial is ideal for any part of your face, neck and décolleté with skin redness, telangiectasis (tiny veins) or brown spots.

ADDITIONAL SERVICES

Waxing Services offer a less permanent form of hair removal. Facial waxing and body waxing are available.

Tinting Services enhance the color, shape and thickness of your eyebrows for an always-polished look.

Post-Treatment Restorative Mask creates continuous cooling and soothing which replenishes and provides immediate relief to skin. A great add-on to any treatment!

What's Your Type?

Different skin types need different care. Yet most people guess at their skin type and use the wrong products for their skin.

Kansas City Skin & Cancer Center is the first in the Midwest to employ the Skin Type Solutions™ system to determine the products that are best for your skin.

This scientifically-derived resource is based on Dr. Leslie Baumann's revolutionary skin typing system and empowers you to make excellent skin care decisions.

Call today to schedule a free consultation with one of our estheticians.
